

The investigator

We'll be seeing you soon!!

We were delighted to learn that we can continue on with our survey of Québec children for at least another year. Indeed, we are really pleased to be able to persist in this adventure of learning more about young Québécois – their perceptions, ambitions, lifestyles, etc. Just like last time, you can fill out our questionnaire on a computer.

As you undoubtedly know, each new school year means meeting new students, new teachers, and of course, making new friends. The entire "I am, I'll be" team wishes you all the best. Have good times and enjoy this rewarding experience!

Once again, we would like to say **THANK YOU** for your participation, and we'll see you soon!

Did you know that...

... you're not the only one to answer our questions. During the previous data collection, 1,588 children just like you filled out the questionnaire on a computer.

... a person who knows you really well also answers our many questions. Indeed, in our most recent data collection, 1,462 mothers, spouses or other adults close to respondents participated in our survey. We could therefore again enrich our data with information on the many aspects of family life in your generation.

... every year since 2004, your teacher has also participated in our survey. This year, 1,170 teachers provided us with invaluable data on the progress of our survey children in school, how they relate with friends and classmates, etc. It gives us great pleasure to realize that many people are very interested in the life paths of young Québécois.

Good News! Another Contest is Coming!

As we mentioned in our previous edition of The Investigator, at the beginning of this summer the entire team of "I am, I'll be" was pleased to present 16 prizes to participants in the I WIN BY PARTICIPATING contest. Some lucky students won prizes such as a Nintendo Wii console and a Wii Fit Plus game, an iPod nano, a complete Harry Potter film collection, etc.

You will be glad to know that we have decided to repeat this contest for participants in our next data collection. This time, you will have the chance to win one of 20 prizes of \$100 each, which will be drawn at the beginning of next summer.

Good luck to all of you!
